PinPoint Pro

Wireless 2,4GHz presentation tool with integrated finger-sensor touchpad

PinPoint Pro offers perfect support for any presentation. The sophisticated combination of functions accompanies you perfectly. Thanks to the finger-sensor touchpad with its 800 dpi sensor, the cursor can easily be pointed at the targeted objects. The LED laserpointer enables you to focus on important parts of the presentation. Thanks to the touchpad and the integrated mouse button, an additional use of a mouse is not necessary.

The hot button for Microsoft PowerPoint makes for a quick start of the presentation. With the arrow buttons, the presentation can easily be advanced or rewound and with a push of a button it is possible to switch between programs and documents. Because of the intelligent, power-saving function, a minimal power usage is guaranteed. With an LED indicator, a low battery status is displayed. PinPoint Pro offers an operating range of up to 10M and is ready for use in an instant thanks to Plug & Play. The USB connector can easily be stashed in the casing. PinPoint Pro is shipped with a user's guide, a pouch for transportation and 2 AAA batteries.

Art.No.: Z20408Z-V1

Weight: 0.05kg / 0lbs, 1.8ounces

- **New mouse navigating experience by integrated touchpad**
- **800 dpi resolution sensor cursor**
